IML CHALLENGE

The competition is available at

https://www.kaggle.com/t/74fc36949f2f4a8fb695438a87528a76

The Rules

- Team of 2 students

- One submission per day is allowed. The achieved score on a subset of the test samples is released in the (temporary) leaderboard.

- The final leaderboard will be released at completion of the challenge; it will be composed of the final scores on the remaining test samples

- Deliverables: commented script explaining the implemented method and the learning procedure. The script should be named as follows: member1_member2.ext
